The current document constitutes **deliverable D5.5 Final Dissemination Workshop** elaborated in the framework of the IMPACT-SC5 project, which has received funding from the European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement No 869746.

Overall, the IMPACT-SC5 project – “*Assessing the impact pathways of IA/RIA SC5 projects through the use of portfolio analysis*” – aims to review the impacts of the projects granted under Horizon 2020 Societal Challenge 5 (SC5) as described in its Work Programmes and Calls (e.g. Water-2014, Waste-2015, EE-2014, etc.). This evaluation and impact assessment focuses on the 87 Research and Innovation Action (RIA) and Innovation Action (IA) projects funded under the SC5 Work Programme 2014-2015 and looks at them in terms of their scientific, economic, societal and environmental performance, both individually and across portfolios of projects.

This deliverable confirms the successful organisation and delivery of the Final Dissemination Workshop on 16 June 2021.
